

Beginnings Class
October 2011 - May 2012

Mondays
9:15 - 10:30 A.M.

Beginnings

Beginnings is a one-day-a-week program for children 10-18 months old, accompanied by a parent or caregiver, and is an introduction to our school program. This small group experience features activities that encourage children's natural curiosity and their development and growth.

For the adults, it offers a wonderful opportunity to learn more about child development under the guidance of caring professionals.
