## Two-Week Sessions

**June 14 - June 25**

**June 28 - July 9**

**July 12 - 23**

## About Studio

The Studio School educates the hearts and minds of children as we nurture the unfolding of their authentic spirit and character. Our students learn to value intellectual and creative ideas, and to take pleasure in the process of discovery. We seek a deep and lasting academic excellence, one that is achieved when children are motivated to embrace for themselves the journey of learning.

Established in 1971, The Studio School is an independent day school for children ages two through fourteen. Our curriculum is more than simply a course of study; it is a structure for exploring and mastering how to learn and how to think. It leads children thoughtfully through core questions and ideas about the world around them. Students are empowered to integrate what they learn with who they are. As a result, each child's unique personality and style becomes an integral part of the learning process, and group collaboration enhances the experience for everyone.

The Studio School's new building at 117 West 95th Street includes a bright, airy library with computers, large gymnasium, dance and music studio, sky-lit art room with a kiln for ceramics, a modern kitchen to complement the School's innovative Kitchen Science program, and a sunny outdoor yard.

## Summer Camp 2010

**Inside ☀ Out**

**Morning Fun**  
**2-3 year olds**

**Outside ☀ In**  
**3-5 year olds**

**Inside ☀ Out**  
**6-10 year olds**

# Welcome!

**Come to The Studio School's Summer Camp, where children, ages 2 to 10, find adventure and discovery.**

**Inside and outside, campers enjoy spending time with their friends, using their imaginations, knowledge, and creativity to explore new activities, materials, and places.**

**Share a summer of laughter and fun!**

## Morning Fun

2-3 year olds

Tuesday/Wednesday/Thursday

9:00 a.m. to 12:00 p.m.

\$440 per session

Our youngest campers love to frolic and splash in the sprinklers and kiddie pools in the sunny outdoor yard. Campers delight in being gardeners and seeing what is growing in the planters. Inside, they explore and create with paint, music, blocks, books, games, cooking, and more. In the gym, they bounce, run, tumble, and roll. A parent or caregiver comes at the beginning of the session, to help the camper settle with her/his counselors. A healthy morning snack is served.

## Inside ☀️ Out

6-10 year olds

Monday - Friday

9:00 a.m. - 4:00 p.m.\*

\$900 per session

Calling all painters, sculptors, builders, designers, actors, and scientists! Begin your mornings inside our Summer Studio, pursuing innovative investigations in visual and performing arts, architecture, natural sciences, and sports. In the afternoons, take your visions outdoors to conduct fun-filled field research for your projects. A stop-motion or claymation movie project inspires campers to snap photos in Central Park, and to view the Isamu Noguchi Sculpture Garden and an animation exhibit at MoMA. Planting a vegetable garden leads to outdoor farmers' markets, and to Central Park's Conservatory Garden to capture the beautiful flowers in watercolors. An investigation of animal behavior takes campers to the zoo, where you sketch the animals or observe a giraffe's behavior for a performance piece. At the end of each session, welcome family and friends to an exhibit highlighting the work and pleasure of your Summer Studio experience.

Swimming lessons, twice a week at an indoor pool, are a refreshing way for campers to splash and improve their stroke.

Campers bring their own lunches; nutritious snacks are served throughout the day.

*\* Before Camp Care (8:00 - 9:00 a.m.) and/or After Camp Care (4:00 - 6:00 p.m.) available for an additional fee.*

## Outside ☀️ In

3-5 year olds

Monday - Friday

9:00 a.m. - 4:00 p.m.\*

\$900 per session

Our young explorers begin each day outside: Playing kickball in Central Park, fishing for golden shiners in the Harlem Meer, and more. In our outdoor Water Exploratorium, they can float, sink, splash, pour, slip and slide, and sprinkle. After a morning outside, they come in to sing, read stories, and create in our Summer Studio. A fishing trip prompts the construction of bamboo fishing poles, or a skit starring golden shiners, or a series of paintings set underwater. A morning trip to a museum or zoo leads to making dioramas and building animal habitats. A visit to a farm leads to making puppets. A breezy park visit suggests sailboats and kites.

Campers bring their own lunches; nutritious snacks are served throughout the day.

*\* Before Camp Care (8:00 - 9:00 a.m.) and/or After Camp Care (4:00 - 6:00 p.m.) available for an additional fee.*
